To search for specific names, type keywords into the search bar in your PDF reader. If a keyword search doesn't turn up expected results, it is recommended that you also scroll down into the alphabetical listings to search for the name, as the text-recognition software is not perfect.

The table of contents below can also give you an idea of where to look within the document for other kinds of information listed in the directory, like street guides, government listings, and advertisement indices. Note that the PDF page number and the original directory page numbers are different, because the color-printed advertisement pages in the directories were not numbered.

AMERICAN BILLIARD STANDARD

New Design, Patented June 6, 1871, and Dec. 23, 1873.

Entered according to Act of Congress by H. W. Collender, in Office of Librarian of Congress, Washington, 1871.

First-Class Workmanship, Uniformity of Construction, and Durability. Everything appertaining to Billiards kept constantly on hand. Send for illustrated circular and price-list. Address, Box 1847, New York Post-Office.

H. W. COLLENDER.

Successor to PHELAN & COLLENDER, 738 Broadway.

SUCCESSOF TO FIRMING

SPECIAL NOTICE.

In consequence of the death of Mr. Phelan, the firm of PHELAN & COLLENDER is dissolved. The undersigned, the surviving partner, begs to inform the customers of the house, and the public generally, that, having purchased the entire stock, machinery, copyrights, trade-marks and letters-patent of the late firm, he continues the business in the same extensive manufactory, Thirty-sixth Street, Thirty-seventh Street and Tenth Avenue, and at the well-known wareroom, No. 738 Broadway, at either of which places he will be happy to meet customers for the transaction of new business, or to settle up the affairs of the old firm.

Respectfully,

H. W. COLLENDER.

THE GREAT AMERICAN COFFEE

Works like a Charm!

PATENTED

Retains all the Aroma!

APRIL 7th, 1874.

WORLD. CHAMPION OF THE

Perfection in the Art of Making Coffee at Last Attained.

This household wonder makes Coffee by steam and boiling water combined; it never boils over; makes its own hot water; does its own dripping, and in the shortest time on record distills Coffee as clear as wine; extracts all the strength, and retains all its aromatic and nutritious properties.

THE ONLY PERFECT WORKING COFFEE POT EVER OFFERED to the PUBLIC!

And yet so simple in Construction and Operation, that even a child cannot fail to make most delicious Coffee.

When the Coffee is made, the silken hull, the fibrous matter, and its bitter and astringent properties, are left suspended in the fine wire strainer above, while at the same time the CLEAREST, the PUREST, and the MOST DELICIOUS COFFEE EVER DRANK flows boiling hot from the reservoir below.

FAMILY SIZE-WIRE GAUZE STRAINERS.

I Gallon, \$2.50. 3 Quarts, \$2.25. 2 Quarts, \$2.00. I Quart, \$1.75. SENT TO ANY ADDRESS ON RECEIPT OF PRICE. COPPER BOTTOMS, 50 CENTS EXTRA.

Above cut shows the KNICKERBOCKER RANGE, (so well and favorably known) in an entirely new dress, retaining its many excellent qualities, with the addition of such improvements as have suggested themselves, making the

RANGE HEAVIER, MORE DURABLE AND EASIER KEPT CLEAN.

A HEATING SHELF, or an ELEVATED HOT CLOSET can be attached to each size. I have thirteen sizes, each Range having three different WATERBACKS to correspond with capacity of Boiler.

P. Rollhaus Jr.'s Patent Elevated Oven Range.

I offer the above to my customers and the public generally, relying entirely on its merits
It is neat in design, substantially constructed, and with an improved Self-Closing Dust Damper attached. It is very SIMPLE and ECONOMICAL in its operation.

The capacity of Fire Chamber is small, I'lues large, and the Ovens so readily heated, that the consumption of fuel is comparatively less than any other range in use.

Waterbacks can be attached, by which a supply of Hot Water can be kept constantly on hand.

PREFACE.

Our eighteenth volume is herewith published at the usual time, and on account of the large increase of names, has obliged us to make great efforts to publish thus early. Each year we have increased our facilities, in order that the work might not be delayed, until we now employ three times as many agents and compilers as we had in our first year of publication, 1857.

Our greatest difficulty is not to gain time, but accuracy. We might compile in half the time we now take, but the work cannot be performed so rapidly without increasing the probability of errors. Could we have twice as much time as we now use, the Directory could be made much more complete in every respect. While we would not try to hide any shortcomings of our own, we can safely refer many of the errors that are made to a lack of public spirit, that leads people to shirk their duties to the law in every possible way. To such an extent have we been annoyed by persons refusing information, that this year, for the first time, we publish a list showing where information has been refused. This list will be continued each year. It does not show one-fourth of the refusals, as we have obtained the names of many, even though they attempted to thwart our efforts.

Could we accomplish our wishes, we would have the Legislature pass a law making it compulsory to give information for the Directory. There is as much need for it to be complete as there is for a census to be perfect.

The City authorities have in hand the matter of renaming the duplicate streets. This should be done thoroughly, to avoid confusion to the post-man, and utter dismay to the visitor to the City. We suggest that the same name should never occur but once. There is a Union St., Union Ave., Union Court, Union Lane and Union Place; and about seventy other similar instances occur. We would respectfully urge our City fathers to re-christen these streets and avenues, so that they can tell their dear children apart. Our magnificent city is growing so rapidly, and we have such a splendid area for spreading out, that when the time comes for annexation to New York, Brooklyn will have so far exceeded her sister city in population that the consolidated city may be rightfully called Brooklyn.

Let our municipal reformers be patient. Brooklyn's future is greater than their fondest dreams conceive. If they will go kite flying, let them not make Brooklyn the tail. If they wish to make their City great, they can bring their business this side of the river, where foreign and inland commerce can easily shake hands, and manufacturers find ample room and low rents.

To accommodate the public, we have removed our office to 323 Washington St., next to the Post Office, where we have on file the Brooklyn Directory, from 1840 to date; and Directories of the principal cities of the United States, which may be referred to without charge. We shall, during the year, also obtain Directories of the principal European and Canadian cities.

To such an extent have the business public been swindled by paying in advance for names in capitals, &c., that we have decided to collect no money in advance. Our patrons in future may wait until they see their names in type, and the Directory published before they pay, however small the amount may be. If an agent asks for money in advance, put him down as a swindler.

We thank those who have patronized our advertising pages. It is gratifying to observe that our important spaces are being filled by Brooklyn firms.

In consequence of the addition to the work of over 23,000 names in the past four years, during which time the price has been \$4.50, we are obliged to charge a small advance, and this year the price will be \$5.00.

The following shows the number of names under each letter:

A	2,252	E	1,834	1	358	M	12,691	\mathbf{Q}	390	\mathbf{U}_{\perp}	245
В	10,181	\mathbf{F}	4,692	J	2,088	N	1,851	\mathbf{R}	5,678	v	1,553
\mathbf{C}	8,293	\mathbf{G}	4,889	K	4,649	0	2,229	S	11,356	\mathbf{w}	6,825
D	6,079	H	8,816	${f L}$	4,652	\mathbf{P}	4,008	\mathbf{T}	3,498	\mathbf{X}	2
				Y	409		Z 267				

Total number in this volume is 109,785, being an increase of 6,757 over last year.

CAUTION!

Beware of Swindlers and Bogus Agents!

In consequence of the numerous cases of *fraud* practised on our patrons by *bogus agents* collecting money in advance to insert names in capitals, etc., we give notice that hereafter *our* agents will *not collect money in advance* of publication, however small the amount. Our patrons are particularly cautioned to read any order they sign for advertisement, and see that it is made payable to LAIN & Co.

There are books professing to be Brooklyn Directories, and unprincipled agents will ask if you do not wish to have your business card inserted in the Directory, calling theirs at the same time the Brooklyn or City Directory. They have also often the assurance to say their book is Lain's. This Book is the only one known as the Brooklyn City Directory.

In consequence of the great demand, both in Brooklyn and New York, we have this year resolved to publish an extra edition of our **Business Directory**. It will contain the name of every business firm, classified under the proper heading; a new **Map of the City**, **Street Guide** and **Municipal Register**. Price, \$1.50.

The Brooklyn Directory of each year, from 1840 to date, and Directories of the Principal Cities of the United States, are on file at this office, and may be referred to without charge.

* RATZER'S Map of New York and Brooklyn.

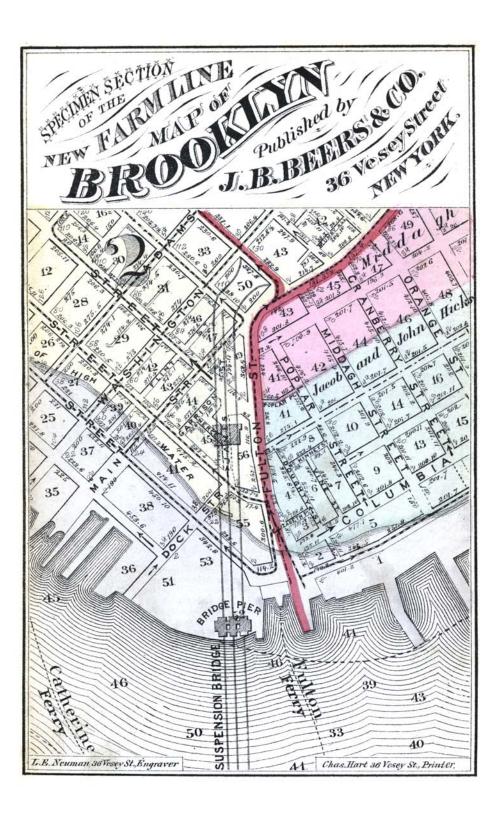

IN POCKET MAP FORM.

Rhode Island,

Long Island,

State of New Jersey.

^{*}This is a re-publication of an old Map of New York and Brooklyn, first published over a hundred years ago, and is of priceless value, as it shows the Hills and Dales, the Fields and Farms and the Country Roads and Hamlets as they then appeared.

"PEERLESS"

ELEVATED OVEN BANCE.

Mrs. HENRY WARD BEECHER'S TESTIMONY.

"I have used the 'Peerless' Elevated Oven Range for more than a year with increasing satisfaction. In every respect it far surpasses any range I have ever used. It is very economical in the use of coal; the ovens convenient and perfect bakers; is exceedingly easy to manage. So far, from the day this range was placed in my house up to the present, it has not failed to deserve the name of 'Peerless.'"

This superior Range is used in hundreds of Brooklyn families, every one of whom will give similar testimony.

"BURTIS"

FIRE+PLACE HEATER.

- 1. It is MORE BEAUTIFUL than any other.
- 2. It may be converted into an OPEN STOVE.
- 3. It will not require RE-KINDLING all winter.
- 4. It will NOT REQUIRE repairing for many
- years.
 5. It will HEAT the room below, also those above.
- 6. It makes NO DUST in any department.
- 7. It is ONLY perpetual SURFACE BURNER.
- 8. It is the only SUCCESSFUL Self-Feeder.
- It has THOUSANDS of friends who recommend it.

THE GREAT SANITARY HEATER.

Health, Comfort, Economy.

CONCLUSIVE TESTIMONY.

Prof. L. H. ATWATER, D.D., Princeton College, N. J., writes: "After careful examination of many furnaces, I selected the recently patented Burtis Furnace to place in my new dwelling house. " " It diffuses ample and genial warmth. " " " In short its house. * * * It diffuses ample and genial warmth. * * * In short, its structure, as shown in theory and tested by experience, is such as to afford the maximum of heat with the minimum of fuel and trouble."

and Binder Yankee Letter File

WE CHALLENGE THE WORLD TO EQUAL IT.

The superiority of the Yankee Letter File and Binder over all others consists of the following improvements:

Ist. It has an ELEPTICAL Stains made of tempered steel with three coils in the middle, extending the entire length of the File head, while the French File made in this country has two brass springs, one at each end, but three inches in length, which are soon gone and another file must be purchased.

At The Yankee Letter File and Binder is not made in book form, with flapping covers which are soon cut off by raising the bar that passes over the needles in binding the book.

Our File only occupies half the room on your desk when in use.

The bar that holds the letters is raised with much greater case and less annoyance, as the spring is long and will never break.

5th. 1t is made of black walnut and sheet brass, and is very ornamental, having 25 times the durability of any File in the

It has a guide at the ends of the File Head which renders it impossible to make your book anything but square, and

mater. It has a guide at the ends of the File Head which renders it impossible to make your book anything but square, and meat looking when complete.

Th. Should any part of the Yankee Letter File and Binder get out of ropair, which will never happen by any fair usage, you can get any part of it sent by express and replaced by your own hands without took.

Stb. One of the most important points of all connected with the Yankee File is the NEEDLES. They are of the best of steel, with fine points, and will never bend in passing your papers over them, and are constructed at the points, as you see by figure 2 in out, that you can complete the binding of your book instantly after taken from the Magniss or Fire.

With each Letter File will be found printed directions which will enable any one to handle this article without trouble.

Fig. 3 in Cur shows the Fire with one set of Needles, Corea, and Index with Book partly filled

Fig. 2 shows you can letters after bound in book form.

Fig. 2 shows you one set of needles which are held in Letter File by we Sorkews until filled with letters. They are then removed from the machine and the Brass Tows is passed over the points, completing your book as seen in Fig. 3.

We desire your patronage, trusting we can please you both in price, quality of goods, etc.

For sale by all stationery desires throughout the U. S.

We will further state to the trade in this line of goods that we have no carvasers out from office to office, as do many other men in the Letter File business. Our object its give this Letter File to the Stationery Table to handle, Protzering them in every way, as we own the Extras Investion, and manufacture this File at our own factory.

GRAND, SQUARE and UPRIGHT

New York House and Warerooms,
112 FIFTH AVENUE.

WM. KNABE & CO., Baltimore and New York.

Collections made in all parts of the United States by suit in State Courts, and by Bankruptcy Proceedings.

THE

Gazzam Collection Agency.

NEW YORK OFFICE:

No. 419 BROADWAY,

Cor. Canal Street.

This Agency is represented by the most reliable Attorneys in every State and nearly every County.

Many hundred Attorneys, who, for professional reasons, have refused to act as correspondents for other Collecting Agencies and for Commercial Agencies so-called, have enrolled themselves amongst our correspondents, as the operations of this Agency are based on strictly professional principles.

Collections transmitted by this Agency will be collected and accounted for promptly, or returned as uncollectable. It is not designed that our success shall be measured by amount and nominal value of claims intrusted to us, but by the successful results which are guaranteed to our clients by their experience of the past.

All claims must be sent directly to the New York Office, 419 Broadway, where the claimant receives a receipt in the form of a pass-book, on presentation of which he receives report of claim at any time during office hours.

No person is authorized to receive or receipt for claims, except at the office of the Agency

Charges moderate and uniform.

WM. H. JACKSON & CO. GRATES, FENDERS and FIRE IRONS.

PATENTS

American&European (Established 1846,)

MUNN & CO.

Editors of the Scientific American.

Continue to give opinions in regard to the Novelty of Inventions, Free of Charge; Make Special Examinations at the Patent Office; Prepare Specifications, Drawings, Caveats, Assignments; and prosecute Applications for Letters Patent at Washington, and in all European Countries. They give special attention to the prosecution of Rejected Claims, Appeals, Extensions and Interferences.

A Pamphlet of the New Patent Law for 1870, Furnished Free. Address MUNN & CO., 37 Park Row, New York.

THE SCIENTIFIC AMERICAN.

This is unquestionably the most popular and interesting journal of its class in the world. It has been published seventeen years, and has a larger circulation than any similar journal in existence. It is a weekly paper of 16 pages, and is devoted to Science, Discovery, Invention, Mechanics, Manueactures, and the whole range of Industrial art. Most of the Inventions patented in the United States are illustrated in its columns, the Engravings being most superb and beautiful. Each number contains 16 pages of matter and from 8 to 10 Engravings. The numbers for a year make a splendid volume of 832 pages of useful and entertaining matter, and about 500 Engravings. A full report of all the Patent Claims are publications. lished officially each week.

It is printed weekly on fine paper at the marvelously low price of \$3 per year, or \$1 for four months. Specimen copies sent free. Address,

MUNN & CO., No. 37 Park Row, New York.
